

Combined Insurance Community Awards coverage in the Peterborough Evening Telegraph

15th October 2004

'Thanks for Make It Happen help'

ON behalf of B-Active, a sub group within the Brudenell Playing Fields

Management Committee based in the village of Baston, I would like to thank *The Evening Telegraph* and Combined Insurance for awarding us a £250 share of the £10,000 give away towards purchasing sports equipment and providing activities centred around the refurbished grass tennis courts in Baston.

This year, from May to September, the grass courts have been available for families and young people to

enjoy within the surroundings of the open space and the nearby park for children.

The refurbished courts have proved very popular especially during the Family Fun Day, when tennis coaching was offered, but also during the summer fete as well.

Our award will enable us to buy sports equipment to be used for the future activities for young people within Baston and also maintaining the new Multi-Sports rebound wall as well.

Once again, a very big thank-you to Combined Insurance and also to *The Evening Telegraph* for really "Making it Happen" and, of course, not forgetting Barry Fry as guest of honour.

**TREVOR GIBSON
Chair of B-Active and
Vice Chair of Brudenell Playing
Fields Committee**
